

Date: 23 March 2026

Ref: Metro Growth

Hello

Works in your area

Together with our contractor, McConnell Dowell SRG Joint Venture, we will be installing a new 1.2km water main alongside our existing water mains to increase capacity and reliability in the local network.

Work is scheduled to start on 7 April 2026
and is expected to be finished by December 2026
We will be working between Kalperri Rd & Kalbeeba Rd, Sandy Creek

The start and finish dates of these works may change as they are subject to weather conditions and any unforeseen constraints.

What to expect

As part of the upcoming upgrades, crews will be on-site using excavators and cranes, with trucks transporting materials to and from the work area. Arborist activities will occur mid-April to allow for pipe-laying activities. These works will produce noise. Speed restrictions along Kalperri Road will remain in place, and any upcoming traffic detours will be communicated in advance. We will also provide advance notice if your water supply is expected to be temporarily impacted.

Where

Private land
between Kalperri
Rd and Kalbeeba
Rd, Sandy Creek

When

7 April to
December 2026

Working hours

Mondays to
Saturdays
7am - 5pm with
some nightworks

We will endeavour to complete the works as quickly as possible with minimal impact to the community.

More information

These works are part of our \$1.5 billion investment in building and upgrading water and wastewater infrastructure to support housing growth in South Australia.

New and upgraded infrastructure is required to provide reliable services to both existing customers as well as new and future customers, particularly areas on the edge of our existing networks.

Keeping you updated

If you have any questions about these works, please contact

Name: Chanice Parker

Phone: 1300 981 233 (between 7am-7pm)
