Hello

Works in your area

We're investing in the local water network as part of a major network upgrade.

Together with our contractors, McConnell Dowell Diona Joint Venture we will be undertaking work on the land east of Kalperri Road, Sandy Creek to construct two above ground water storage tanks and new pipelines.

Work is scheduled to start on late March 2025 and is expected to be finished by 2026
We will be working between 7.00 am to 5.00 pm Mondays to Fridays

The start and finish dates of these works may change as they are subject to weather conditions and any unforeseen constraints.

What to expect

Earthworks are expected to start in late March, followed by the construction of tanks and installation of pipes.

During works, traffic management may be in place adjacent the work locations. Local access will be maintained. You can expect some noise, dust and possible vibration and we will manage works to minimise disturbances as much as possible.

Where

Kalperri Road, Sandy Creek

When

Late March 2025 - 2026

Working hours

7.00 am to 5.00 pm
Mondays to Fridays
with some weekends
as required

Scan the
QR code for
more information

We will endeavour to complete the works as quickly as possible with minimal impact to the community.

More information

These works are part of our \$1.2 billion investment in building and upgrading water and wastewater infrastructure to support housing growth in South Australia.

New and upgraded infrastructure is required to provide reliable services to both existing customers as well as new and future customers, particularly areas on the edge of our existing networks.

Keeping you updated
