Construction works update – change in work hours

Kalperri Road Tank Site, Sandy Creek

Tank construction works will continue through to late 2026.

To maintain the project schedule, we will be working some Sundays.

What: Works will continue during standard construction hours of 7.00 am to 5.00 pm Monday to Saturday. Additional works will also be undertaken on **Sundays between 7.00 am and 5.00 pm.**

When: Sunday 14 June 2026 – Sunday 5th July 2026

Why: To maintain the project schedule and maximise available construction time and help offset weather-related disruptions experienced during recent weeks.

What to expect:

- Construction activities will occur on Sundays during the notified work hours.
- Access to properties on Kalperri Road will be maintained.
- Some noise associated with construction activities can be expected.
- Existing speed restrictions will remain in place for the safety of road users and construction personnel.
